MEMORANDUM ORDER OVERRULING PETITIONER'S OBJECTIONS AND ADOPTING
THE MAGISTRATE JUDGE'S REPORT AND RECOMMENDATION

Petitioner Jerry Lewis Dedrick, a federal inmate confined in Beaumont, Texas, proceeding *pro se*, filed this petition for writ of habeas corpus pursuant to 28 U.S.C. § 2241.

The court ordered that this matter be referred to the Honorable Earl S. Hines, United States Magistrate Judge, at Beaumont, Texas, for consideration pursuant to applicable laws and orders of this court. The magistrate judge has submitted a Report and Recommendation of United States Magistrate Judge. The magistrate judge recommends denying the petition.

The court has received and considered the Report and Recommendation of United States Magistrate Judge, along with the record, pleadings, and all available evidence. Petitioner filed objections to the magistrate judge's Report and Recommendation.

The court has conducted a *de novo* review of the objections in relation to the pleadings and the applicable law. *See* FED. R. CIV. P. 72(b). After careful consideration, the court concludes the objections are without merit. Petitioner received the procedural protections guaranteed by *Wolff v. McDonnell*, 418 U.S. 539, 556 (1974), and the evidence was sufficient to support the disciplinary convictions. Finally, petitioner has not shown that he was prejudiced by any of the alleged errors. Therefore, he is not entitled to relief. *See Simpson v. Ortiz*, 995 F.2d 606, 609 (5th Cir. 1993)

(holding that habeas relief is not available unless the petitioner shows he was prejudiced as a result of the alleged constitutional violation).

ORDER

Accordingly, petitioner's objections are **OVERRULED**. The findings of fact and conclusions of law of the magistrate judge are correct, and the report of the magistrate judge is **ADOPTED**. A final judgment will be entered in this case in accordance with the magistrate judge's recommendation.

So **ORDERED** and **SIGNED** this **27** day of **February, 2009**.
